### Bargaining session #5—half day

The District responded to OUEA's proposal on Article 2.

The District's position, regarding their increase to Health Benefit caps, has remained unchanged since their previous counterproposal of October 23, 2017. The lack of movement from the District is disappointing and frustrating to the OUEA bargaining team!

OUEA and OUSD differ in the analysis of the District's budget. OUEA will meet with the District's CBO Consultant to find a common understanding of how the District calculates their reserves. This meeting will direct your team in the next bargaining session on Friday, February 9, 2018.

Show unity by attending the next scheduled OUSD School Board meeting on February 15, 2018 @7pm!
